Education

Applicants to the CIDESCO programme are required to have completed secondary school, including grade 10 mathematics and grade 12 English. While there are no other specific academic pre-requisites, biology, chemistry, and electrical physics will be featured strongly in this programme, therefore an adequate background in these subjects would be an asset to students. The Esthetic Institute may access transcripts for Canadian applicants through the applicant's provincial student number. Applicants over 20 years of age may have different application requirement, please contact us for further information.

Applicants are required to be proficient in written and spoken English. The Esthetic Institute conducts all classes in English and does not have the capacity to offer language assistance. Students must be proficient enough to participate in classes, study, communicate with students, educators, and clients, write client notes and essays, as well as be examined in English without assistance.

Please note that international students are personally and solely responsible for acquiring any required visas to study in Canada.
